

Tendring District Council is reviewing the Local Plan

Tendring's Local Plan is the blueprint for new development across the district and contains the rules and policies against which planning applications are assessed.

The Council is in the process of reviewing and updating the Local Plan to ensure it remains up-to-date and effective.

We are inviting you to share your views on the Issues and Options that need to be considered as we plan for the future of Tendring.

Visit one of our drop-in exhibitions to find out more about the consultation and to discuss the Local Plan with planning officers or alternatively call 01255 686177.
